Page 3:Per Diem Calculator Tool Instructions

Traveler Name	Traveler information should automatically populate from page 1
Departure Date & Time	Travel Dates should automatically populate from page 1
Return Date & Time	Travel Dates should automatically populate from page 1
Per Diem Rate:	<ol style="list-style-type: none"> 1. Select the appropriate Per Diem Rates from the drop down menu under field listed 'select here'. 2. If trip is "In State", select from low cost or high cost county per diem's which are displayed 3. If the trip was out of state, use the GSA web site to determine the per diem rate for the travel city: http://www.gsa.gov/portal/category/21287 4. Use the drop down to select the per diem meals and incidentals rate as listed on the GSA web site, based on the travel dates. Some cities have seasonal rates. <p>Note: Be sure to enter the departure and return dates before selecting the per diem rate from the drop</p> <ol style="list-style-type: none"> 5. If the traveler had any meals provided during the trip (e.g., continental breakfasts; conference meals; hosted or business meals), mark the checkbox next to the meal(s) to reduce the per diem reimbursement. The reduction will calculate automatically based upon the GSA meal <u>excluding</u> incidentals breakdown.
M&IE Total	<ol style="list-style-type: none"> 1. After marking any meals provided, the total amount to be reimbursed to the traveler will display in this field. The M&IE Total amount will automatically display in the M&IE Per diem category amount on Page 1 of the report. 2. Attach the completed Per Diem Calculator Tool sheet to the Travel and Expense Statement as a supporting document to show how the M&IE amount was obtained.
